360 Degrees County Profiles – Currently, this document is published quarterly on a state fiscal year basis. The report contains quarterly data. For the final quarter of each state fiscal year (SFY), the *360 Degree County Profiles* contains annual data (April 1 – June 30). It is anticipated that this document is routinely made available at the end of the subsequent quarter. However, the first quarter of any SFY will require an extended preparation time because of annual content updates and reformatting. The general address for the *360 Degree County Profiles* is: <http://www.cyfd.org/content/360-degrees-county-profiles>.

Note that due to the size of the report, the prior web address is a general address, as the document has been divided into smaller regional sections to facilitate download by users. The most currently available quarter of data available is **Q2** for SFY **2011**.

http://www.cyfd.org/pdf/psprofiles/County_Profiles_Q2FY11.pdf The archived **360 Degrees County Profiles** – contains quarterly reports beginning with January 1, 2007. Again, due to the size of the archived quarterly reports, the information is supplied in sections at the following general address. This approach is meant to facilitate downloads by users: <http://www.cyfd.org/content/360-degrees-county-profiles-archives>

Note: The web addresses provided should be consistent over time in the archived sections for both **Fact Book** and **360 Degree County Profiles**, with potential changes occurring only for files as they move from ‘most recently published’ status into archived status.
